SPRING 2020 semester enroll in PHIL 260: Aesthetics or ART 280: Study Away: Art and Design In Context courses

For the spring 2020 semester, *PHIL 260: Aesthetics* and *ART 280 Study Away: Art and Design In Context* subjects are offered as SU Study Abroad courses.

We will explore the interconnectedness between artistic practice, philosophical thinking, the importance of place, and how historic eras frame our understanding of art, design, and creative culture.

Our learning experiences in Berlin will focus on sense perceptions of aesthetic concepts. We will also engage with Berlin's art and design production and investigate institutions that frame it's creative culture.

2020 marks the end of the year-long celebration of the Bauhaus 100th anniversary, so during our Berlin travel, we will spend several days visiting Bauhaus Berlin and Dessau campuses to analyze this institution's creative culture.
